Joya

John-Richard

John-Richard premieres a selection of bed ensembles and lighting designs this summer. Bedding offerings include elegantly tailored pure white ensembles accented by textural contrast such as quilting. Throw pillows, ranging from Provençal-inspired designs to exotic, Indian-influenced motifs, add a shot of color. Additionally, a chandelier and pendant reflect a classical air in subtly blended metallic finishes. eLink 554

Karma Lounge Designs

Karma Lounge Designs introduces the Shrine-ology line, featuring a modern decorative shelf for books, music, art and collectibles. The Old Ceiling Santiago Collection also debuts, each piece of art hand-painted as the customer orders so no two are alike. The shadow boxes feature tin ceilings mounted within walnut frames that may be adorned with a rusted finial.
