### Luxury Candle Holiday Gift Guide

With the holidays upon us we will hold true to our luxury gifts giving credo, (economic) depression be damned. Poo poo to the economic nay-sayers, our friends and family mean the world, and they deserve the best in class. But, on the off chance that you want to save a few bucks here and there, we have put together a genius guide to accommodate both yuletide desires. We have a luxury candle holiday gift guide. Luxury candles are the perfect gift for all the chic chicas and chicos on your list ....gorgeous presentations, sensuous scents, and appealing price points (so appealing in fact you can probably splurge on yourself). Now that is a recipe for a happy holiday. Feliz Navidad!
