SPRIG TOP 10

The Most Amazing Candles

By Allison Reynolds

Rate it now:

Average rating:

Best in Show: Joya

Why It's Good: Choose from elegant patterns of Koi fish, green leaves, butterflies or cherry blossoms on the glass candle by Joya, made exclusively for fiercely fashionable mecca Anthropologie. We suspect you will make a hajji to pick one of these green treats up.

Why It's Green: Made in the USA, the Joya candle is created with essential oils and soy wax. All candles are handmade in California.

Where to Buy It: www.anthropologie.com | \$30

Price is for a 13.4 oz. candle.

sprig stat
a tip or fact to take away

Slow Down on the Highway:
In a typical family sedan, every 10 miles per hour you drive over 60 m.p.h. is equivalent to paying 54 cents more a gallon. Bonus tip: Clean out your trunk and save money too. The more your car weighs, the more gas it burns.
